Panagia Paraportiani

Tell me less...

Mykonos Windmills are a symbol of the island and are one of the most famous attractions. They are located in the village of Ano Mera and are a must-see for all visitors. The windmills were built in the 16th century and were used to grind wheat into flour. Today, they are a popular tourist attraction and are often used as a backdrop for photos.

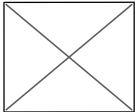

Panagia Paraportiani is a small chapel located in the village of Paraportiani. It is a very unique building with a thatched roof and is one of the most beautiful churches on the island. The chapel is dedicated to the Virgin Mary and is a popular destination for pilgrims. It is also a great place to see a traditional Greek wedding ceremony.
